10 April 1969

MORNING MEETING ACTION ITEM

TO: DD/I  
Legislative Counsel

DD/I called attention to the article by Warren Unna in today's Washington Post relating that the U. S. has offered to abandon American on-site inspectors at nuclear production plants. After considerable discussion the Director asked the DD/I to draft a cable to the [ ] [ ] for his signature requesting data on pertinent U. S. official statements at the conference. The Director indicated that he will write Senator Russell a note on this matter, emphasizing that it would be desirable to avoid public references to satellite photography. The Director asked Maury to advise Bill Woodruff that he is writing to Senator Russell.
